

## Our Payers

We work with a variety of Payors including but not limited to :

- Medi-Cal Waiver
- Worker's Compensation
- Private Pay
- HMO / PPO
- Commercial Pay

Our staff is in constant communication with Payors, beginning with benefit verification, insurance authorization and discharge planning.

## Our Administrator

Our administrator is a Board Certified, Practicing, Internal Medicine Physician. We take pride in being one of the very few Congregate Facilities which is owned and operated by physicians thereby ensuring that our residents get highest quality medical treatment in accordance with latest guidelines thereby curtailing re-hospitalizations and improving quality of life.

## Our Mission

Congregate Living Health Facility-CLHF is a residential home providing board and 24 hour nursing care for patients who are dependent on technology for their survival.

Our mission is to provide highest quality, cost-effective care to catastrophically and severely disabled patients in a caring and comfortable home environment while maintaining the respect and safety of its residents.

Our staff has unparalleled expertise in providing high quality medical, restorative and rehabilitative care resulting in fewer re-hospitalizations, decreasing the length of stay and improving the quality of life.

## About Us

Cochran congregate living, Inc. is a residential care facility to manage post acute care patients with medically complex illnesses. Our individual care plans are managed by an interdisciplinary group of physicians, nurses, social workers, respiratory therapist, dietitians, physical and speech therapist.

Our facility is actually a home nestled in a residential community in Simi Valley. It has 5 private rooms, fully equipped kitchen, entertainment area and a beautifully landscaped backyard promoting outdoor therapeutic activities. Patient rooms are tastefully decorated and individualized to each resident.

Our goal is to provide individualized care with comfort to satisfy the needs in a home like environment.

We provide services to people who suffer from catastrophic illness or injury including:

- Trauma patients
- Ventilator–tracheotomy dependent patient
- Patients with neuromuscular disorder
- Patients with Congenital anomalies
